OPPFØRING AV SVENSK KRAFTANLEGG VED STRÅNGSFORSEN I
VÄRMLAND.

Norges vassdrags- og elektrisitetsvesens brev av
4. oktober 1976.

Ved kongelig resolusjon av 3. desember 1976 ble
følgende tilråding fra Industridepartementet bifalt:

"I medhold av § 14 i lov av 12. juni 1931, jfr.
konvensjonen av 11. mai 1929 mellom Norge og
Sverige om visse spørsmål vedrørende vassdrags-
retten, meddeles samtykke til svensk utbygging
av kraftanlegg ved Strängsfors i Klaraälven
(Trysilelven) i samsvar med de fremlagte planer
og på det vilkår og den forutsetning som er
foreslått i Industridepartementets foredrag av
3. desember 1976".

Samtykket er gitt på det vilkår at prosentangivelsen i
post 2 i vilkåret for samtykket til Höljesutbyggingen
endres fra 80 til 85.

De smoltskader som oppstår forutsettes kompensert av
Vattendomstolen ved pålegg som den finner nødvendig.

Amsterdam 1490 km

Location: Strängsforsen is located Southwest in middle of Sweden - the old Svealand - close to the Norwegian border in the huge Finforest - in the North part of Torsby Kommune North in Värmlands Län, 5km South of Höljes and 20 km North of Sysseleback.

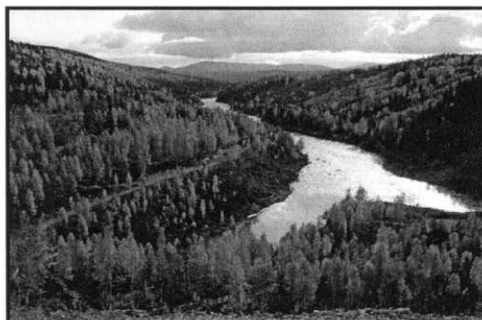

It is good road connections summer and winter.

Road nr. 62 along the Klar-river valley is passing Strängsforsen i a distance of ca. 100 metres. There is a sign to a very cosy parking.

How to get there: Provided you are coming from the South along road nr. 62, you are passing Sysseleback. After ca. 20km you will see a sign left for Strängsforsen.

If you use google or another internet mapservice, use Höljes, Sweden as destination.

And you are in the middle of the fishing-, wilderness- and nature-paradise of the Finforest.

PHOTOS FROM THE AREA

The FISHING in Strängsforsen and in the Klar-river further South is unique for streamliving fish like trout, grayling and salmon. Strängsforsen is the only stream in the Klar-river not used for electricity works. In the surroundings of Strängsforsen there are many ponds, rivers and brooks in the middle of the wilderness - but you may go there by car. Here are marvelous nature adventures as well as lots of trout, perch and pike - and in the winter also charr. See special page about FISHING.

RAFTING, CANOE and KAYAK in Strängsforsen and towards the South is very suitable for wild water training and for beginners - it is not too wild. In the surroundings there are lake- and riversystems where you can make trips in the wilderness of up to 40km.

On the Klar-river itself you can if fact go several hundred kilometers. See special page RAFTING, CANOE and KAYAK.

WALKING, SKIING, BICYCLING, and CARTRIPS hundreds of kilometres in the wilderness is possible around Strängsforsen. The forests have many roads used for forestry but they are open for cars also. The area is so huge that roads are not crowded and you feel you are in the wilderness even if the roads are there. Cross country skiing in the virgin snow or along prepared slopes is a great adventure. Strängsforsen is located in between and not far from the 4 wellknown skiing centres Branäs, Sälen, Trysil and Långberget. See special page WALKING, SKIING, BICYCLING, and CARTRIPS.

You can have many OTHER NATURE ADVENTURES in Finnskogen around Strängsforsen. There are animals, birds, butterflies, berries and mushrooms. See special page OTHER NATURE ADVENTURES.

There are OTHER ADVENTURES from local culture, museum and galleries as well as performances which can be very interesting even if you do not understand the language. Especially Swedish are the many auctions and jumble sales. See special page OTHER ADVENTURES.

WHERE IS STRÄNGSFORSEN

Strängsforsen is located in middle of Sweden in the Northern part of the Klar-river valley, North in Värmland, North in Torsby Kommune, ca. 20km from Norway, ca. 65 km from Trysil and Sälen. Nearest villages are Höljes and Sysseleback. It is in the middle of the huge forest called Finnskogen. See specialpage WHERE IS STRÄNGSFORSEN.
